Camps:

Please make every effort to make all the camps and be ready to work hard. Summer band is an important part of getting the band ready for a successful marching season. Attendance at camps will have an effect on placement in the marching show. If for some reason you must miss, please let the director staff know as soon as possible.

Start drinking water now!!!! You must stay hydrated, and the best way to do that is to consume lots of water starting now. It does get hot and we allow you to take water breaks, but your endurance will be greater if you start drinking water now. Stay away from soda and other carbonated and hi sugar drinks. It is also not a good idea to drink citrus drinks right before a camp.

Since we are starting at noon, please be sure and eat a good breakfast and a light lunch. Lunch should not include greasy foods. You will also need to supply dinner for yourself. Dinner will be from 4-5pm, again it is strongly suggested you stay away from greasy food, especially since we will be going outside at 5.

Please wear light clothing, this means light colored and light material. It is strongly suggested that you don't wear jeans or other heavy pants. Black is not a good color to wear in the sun since it absorbs the heat from the sun. A hat and sunscreen is also strongly suggested. **Everyone must bring a jug of water!!!** We will give you water breaks, but they are short, and you will not have time to go running off to find water.

Booster Supplemental Fee

The supplemental fee will be \$125 this year. This fee helps to pay for shirts, shorts and ball cap. It also helps with cleaning uniforms, clinicians, water and any other expenses for the students that may occur. There will be a \$25 discount if \$100 is paid in full by the end of August. If there are siblings in band, the first will be \$125 and each after will be \$75.

Band Registration Day

This is new. On July 27th we will be having a band registration day. On this day we will be checking charms info, passing out music (both show and region), measuring for band uniforms, issuing instruments, get shirt and short sizes and possibly a surprise. This day is to save us time on the first day of camp, if you can't make it you **must** inform the staff. You will also be able to pay the Booster Supplemental Fee or the down payment. We will also give out any further information at that time.

Band Registration Day Times:

All Brass and Front-Line Percussion: 9am-12pm

All Woodwinds, Battery Percussion and Flags: 1pm-4pm

To Be Announced:

Uniform Check out
